

### **Marcham Colts FC Conditions for signing on**

This document is intended as a reference point to support parents and guardians in understanding the philosophy of the club and what the club will aim to do in return for the signing on fee.

The objective of the club is to develop footballers of all abilities in a safe environment. It will be at the manager's discretion as to how best to do this through training and game time. However the intention will be to give all children that want it the opportunity to play against other teams in the league or development game.

All children who sign on will be welcome to train with the intention of this happening once a week. If on occasion this does not happen we will communicate through text, WhatsApp or social media. The opportunity will be given to children to only train if they don't want to play matches. This will be allowed for a reduced signing on fee. All fees are at the sole discretion of the committee and the committee will decide on any variations in signing on fee.

This season (23/24) fees will be £100 with the reduced rate of £50 set for those who train but do not play games; including U7s and u6s.

Costs and therefore fees may change from season to season.

The club will supply all children with a playing shirt and a training top. Playing shirts will be property of the club to be passed on down the age groups, if kit is lost a cost will be applicable to a replacement. Other club kits will be available on the club store.

If parents have any issues with management and/or any member or participant in this club or associated club/s, those issues should be raised with the committee, not directly to management/person of concern. On match and training days parents should encourage all players and watch respectfully.

Our Club rules, safeguarding policy, code of conduct and equality statement are to be followed by all that participate in the club and will be made available to anyone upon request. These documents will be reviewed annually at the agm.

On behalf of Marcham Colts FC we look forward to welcoming you and your child/children to another great season ahead.

Dan Barnes

Marcham FC Chairman
